# WHY WE CELEBRATE

Long ago, Jesus came to teach people about God's love.

He healed the sick, helped the poor, and showed everyone how to love one another.

Some people did not understand who Jesus was.  
Jesus was put on a cross and died.

His friends were very sad. They placed His body in a tomb and rolled a big stone in front of it.

But three days later, something amazing happened.  
When Jesus' friends went to the tomb, the stone had been rolled away.

The tomb was empty — Jesus was alive!

Jesus had risen from the dead, just as He promised.  
This showed everyone that God's love is stronger than death.

That is why we celebrate Easter —  
because Jesus lives!
